Brief Description

- ▶ the aim of this app is to create an Online shopping portal-'Shoppy' which lets the users buy a wide variety of items online,ranging from books,footwear and clothing for men and women. It provides a very user friendly environment for the purchases to take place. Further,it also allows retailers to sell their items to the customer thus exposing the customers to a wide variety of items from all over the world.

Project In Pictures

Retailer Interface

- ▶ This is the second interface of our app in which the retailer can sell his products. The selling may include editing the details, adding a new product, deleting a product and viewing a product.

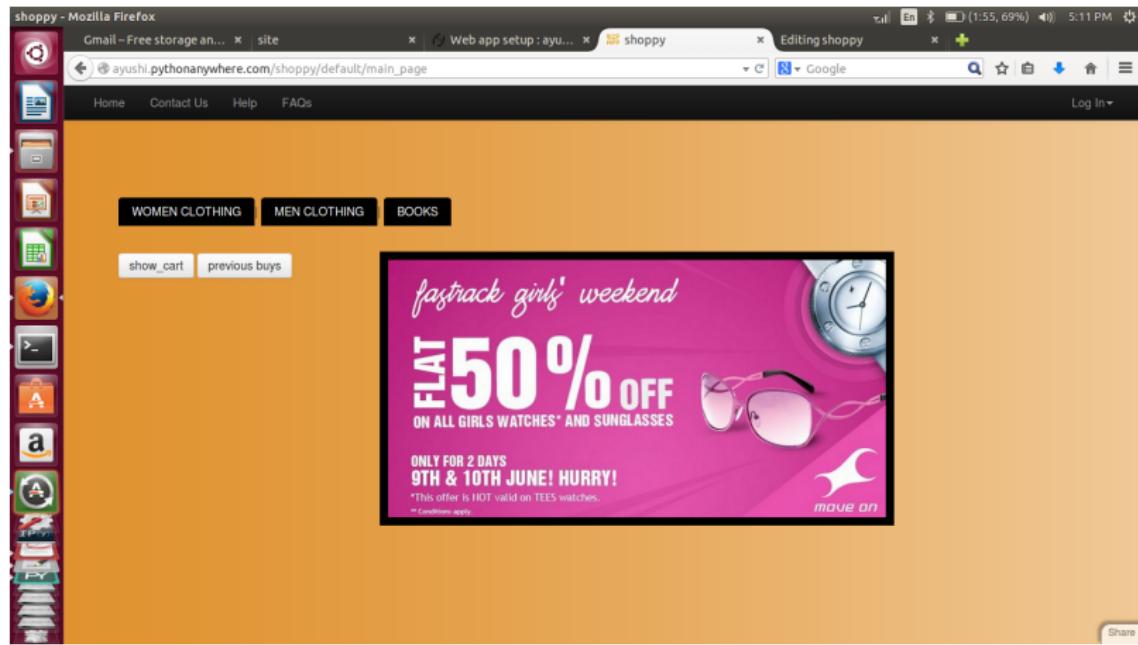

Features Not implemented

- ▶ A retailer is not able to purchase items once he/she is redirected to the retailers page after which they are not able to come back and shop.
- ▶ search engine

Future Scope

- ▶ The search engine can be implemented using the autocomplete widget.
- ▶ Additional functionalities like "Offer for the day" can be implemented.

SALWAR KAMEEZ

anarkali designer

MRP : 4999.0
OFFER : 30 %

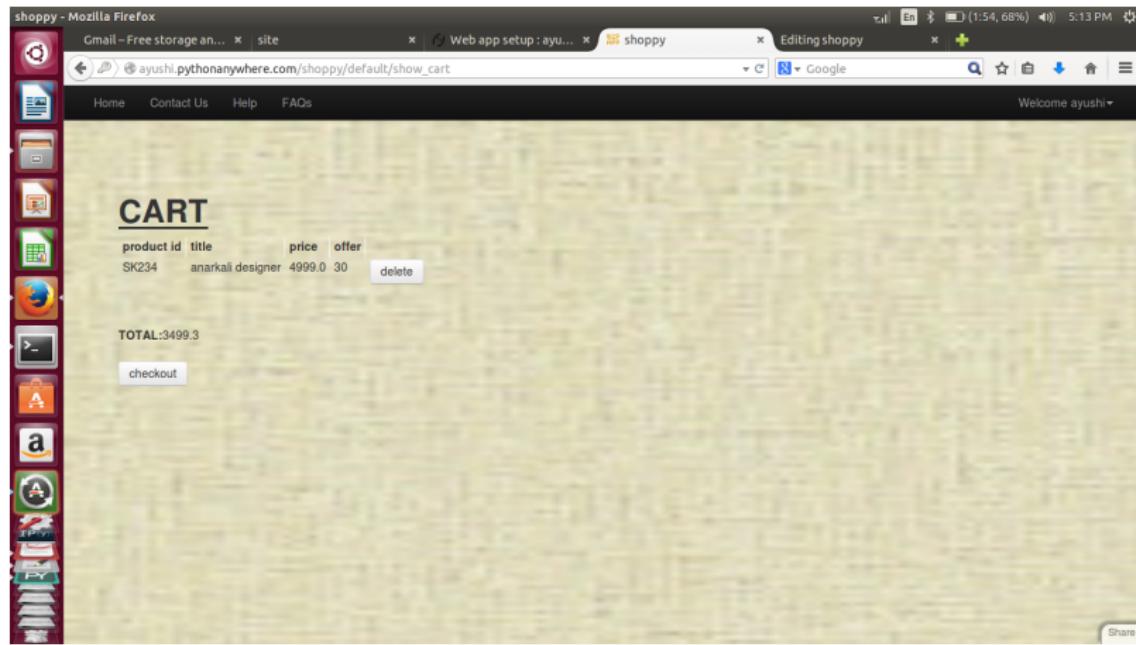

[add_to_cart](#)

Share

This screenshot shows a product page for a blue anarkali designer salwar kameez on a web application named 'shoppy'. The page title is 'SALWAR KAMEEZ'. It features a large image of a woman wearing the outfit, which is a vibrant blue with gold embroidery and red borders. Below the image, the text 'anarkali designer' is displayed, followed by the original price 'MRP : 4999.0' and a discount offer of 'OFFER : 30 %'. A prominent 'add_to_cart' button is visible. At the bottom of the page, there is a thumbnail image of another product, showing a woman in a red anarkali dress. The browser interface includes tabs for Gmail, Web app setup, shoppy, and Editing shoppy, along with various browser controls and a sidebar with icons for different applications.

The screenshot shows a Mozilla Firefox browser window with the title bar "shoppy - Mozilla Firefox". The address bar displays "127.0.0.1:8000/shoppy/default/checkout". The main content area is titled "CHECKOUT" and contains a table with one row:

| product id | title | price | offer |
|------------|-------------------|--------|-------|
| SK234 | anarkali designer | 4999.0 | 30 |

Below the table, the text "TOTAL:3499.3" is displayed. At the bottom of the page are three buttons: "PROCEED FOR PAYMENT", "CONTINUE SHOPPING", and "BACK TO CART". On the far left of the browser window, there is a vertical toolbar with various icons, including a magnifying glass, a file folder, and social media links. The status bar at the bottom right shows "Share".
